Spalding's Athletic Library

A. G. SPALDING

Anticipating the present tendency of the American people toward a healthful method of living and enjoyment, Spalding's Athletic Library was established in 1892 for the purpose of encouraging athletics in every form, not only by publishing the official rules and records pertaining to the various pastimes, but also by instructing, until to-day Spalding's Athletic Library is unique in its own particular field and has been conceded the greatest educational series on athletic and physical training subjects that has ever been compiled.

The publication of a distinct series of books devoted to athletic sports and pastimes and designed to occupy the premier place in America in its class was an early idea of Mr. A. G. Spalding, who was one of the first in America to publish a handbook devoted to athletic sports, Spalding's Official Base Ball Guide being the initial

number, which was followed at intervals with other handbooks on the sports prominent in the '70s.

Spalding's Athletic Library has had the advice and counsel of Mr. A. G. Spalding in all of its undertakings, and particularly in all books devoted to the national game. This applies especially to Spalding's Official Base Ball Guide and Spalding's Official Base Ball Record, both of which receive the personal attention of Mr. A. G. Spalding, owing to his early connection with the game as the leading pitcher of the champion Boston and Chicago teams of 1872-76. His interest does not stop, however, with matters pertaining to base ball; there is not a sport that Mr. Spalding does not make it his business to become familiar with, and that the Library will always maintain its premier place, with Mr. Spalding's able counsel at hand, goes without saying.

The entire series since the issue of the first number has been under the direct personal supervision of Mr. James E. Sullivan, President of the American Sports Publishing Company, and the total series of consecutive numbers reach an aggregate of considerably over three hundred, included in which are many "annuals," that really constitute the history of their particular sport in America year by year, back copies of which are even now eagerly sought for, constituting as they do the really first authentic records of events and official rules that have ever been consecutively compiled.

When Spalding's Athletic Library was founded, seventeen years ago, track and field athletics were practically unknown outside the larger colleges and a few athletic clubs in the leading cities, which gave occasional meets, when an entry list of 250 competitors was a subject of comment; golf was known only by a comparatively few persons; lawn tennis had some vogue and base ball was practically the only established field

sport, and that in a professional way; basket ball had just been invented; athletics for the schoolboy—and schoolgirl—were almost unknown, and an advocate of class contests in athletics in the schools could not get a hearing. To-day we find the greatest body of athletes in the world is the Public Schools Athletic League of Greater New York, which has had an entry list at its annual games of over two thousand, and in whose "elementary series" in base ball last year 106 schools competed for the trophy emblematic of the championship.

While Spalding's Athletic Library cannot claim that the rapid growth of athletics in this country is due to it solely, the fact cannot be denied that the books have had a great deal to do with its encouragement, by printing the official rules and instructions for playing the various games at a nominal price, within the reach of everyone, with the sole object that its series might be complete and the one place where a person could look with absolute certainty for the particular book in which he might be interested.

In selecting the editors and writers for the various books, the leading authority in his particular line has been obtained, with the result that no collection of books on athletic subjects can compare with Spalding's Athletic Library for the prominence of the various authors and their ability to present their subjects in a thorough and practical manner.

A short sketch of a few of those who have edited some of the leading numbers of Spalding's Athletic Library is given herewith:

JAMES E. SULLIVAN

President American Sports Publishing Company; entered the publishing house of Frank Leslie in 1878, and has been connected continuously with the publishing business since then and also as athletic editor of various New York papers; was a competing athlete; one of the organizers of the Amateur Athletic Union of the United States; has been actively on its board of governors since its organization until the present time, and President for two successive terms; has attended every championship meeting in America since 1879 and has officiated in some capacity in connection with American amateur championships track and field games for nearly twenty-five years; assistant American director Olympic Games, Paris, 1900; director Pan-American Exposition athletic department, 1901; chief department physical culture Louisiana Purchase Exposition, St. Louis, 1904; secretary American Committee Olympic Games, at Athens, 1906; honorary director of Athletics at Jamestown Exposition, 1907; secretary American Committee Olympic Games, at London, 1908; member of the Pastime A. WALTER CAMP

For quarter of a century Mr. Walter Camp of Yale has occupied a leading position in college athletics. It is immaterial what organization is suggested for college athletics, or for the betterment of conditions, insofar as college athletics is concerned, Mr. Camp has always played an important part in its conferences, and the great interest in and high plane of college sport to-day, are undoubtedly due more to Mr. Camp than to any other individual. Mr. Camp has probably written more on college

athletics than any other writer and the leading papers and magazines of America are always anxious to secure his expert opinion on foot ball, track and field athletics, base ball and rowing. Mr. Camp has grown up with Yale athletics and is a part of Yale's remarkable athletic system. While he has been designated as the "Father of Foot Ball," it is a well known fact that during his college career Mr. Camp was regarded as one of the best players that ever represented Yale on the base ball field, so when we hear of Walter Camp as a foot ball expert we must also remember his remarkable knowledge of the game of base ball, of which he is a great admirer. Mr. Camp has edited Spalding's Official Foot Ball Guide since it was first published, and also the Spalding Athletic Library book on How to Play Foot Ball. There is certainly no man in American college life better qualified to write for Spalding's Athletic Library than Mr. Camp.

Gulick in Young Men's Christian Association work for over twelve years; became identified with basket ball when it was in its infancy and has followed it since, being recognized as the leading exponent of the official rules; succeeded Dr. Gulick as editor of the Official Basket Ball Guide and also editor of the Spalding Athletic Library book on How to Play Basket Ball.

DR. GEORGE ORTON

Whenever a club releases a manager or player, or suspends or expels a manager or player,

that club shall within twenty-four hours notify the Secretary of this League, stating, in case of release, the date when same takes effect, and in cases of suspension or expulsion, the cause thereof. Penalty, \$10.

SECTION 20. No manager or player who has been suspended or expelled from a League club shall at any time thereafter be allowed to play with or serve in any capacity any League club (either the one expelling him or any other), unless the term of suspension has expired, or, upon his appeal to this League, such expulsion or suspension shall have been set aside.

DISPOSITION OF PLAYERS WHEN CLUB DISBANDS OR IS EXPELLED.

SECTION 21. The disbandment of a League club, or its withdrawal from or loss of League membership, shall operate as a release of its players from contract and reservation of said club, but the right to contract with and reserve said players shall be subjected to transfer to such other club as the League may designate after acceptance of sealed bids from all clubs desiring their services. In case of failure of a player to report, purchase money to be refunded. Exhibition games between clubs of this League prohibited, prior to or during the championship season. A penalty of \$25 for any infraction of this rule.

SECTION 24. A staff of League referees shall be selected by the President before the opening of the regular season.

(2) They shall be paid such compensation as the Board of Directors decide.

(3) It shall be the duty of each League club to accept as referee for any championship game such referee or substitute as the President shall assign to such game. Any violator of this rule shall be subject to a fine of \$25.

(4) It shall be the duty of the referee to enforce the rules as they are written, regardless of personal opinion as to their merits, subject to the President's instructions as to their proper interpretation. They shall familiarize themselves with these sections of the Constitution and obey all orders of the President assigning their services.

(5) Referees failing to report to the President within twenty-four (24) hours any game which has been protested or in which there has been a direct violation of the rules, shall be fined not less than one (\$1) dollar.

SECTION 26. All championship games shall be arranged in a written schedule prepared by the Secretary of the League and reported to and adopted by the League by a three-fourths vote before the beginning of the championship season. The schedule shall provide for an equal number of return games and shall specify the date of each game of the series. If agreeable to both teams, changes in the schedule are permissible, but dates must be arranged and the Secretary notified within ten days after the original date of the game, but the game must be played prior to the completion of the playing schedule of team granting request to change original date.

SECTION 30. Each club shall play as many championship games with every other club as arranged for by the schedule of the League, but a tie or drawn game, or a game prevented by other means, shall be played off on the same floor on a date satisfactory to both managers, said date to be before the close of the regular scheduled League season.

SECTION 31. Each club shall have the championship series of games with every other club played on its home floor, except as otherwise provided for in Section 35.

SECTION 33. In case where the referee in any championship game should award the game to such club on account of the violation by the contesting club of any section of this Constitution or of any playing rules. In the event of a forfeiture for any reason the forfeiting club shall incur a fine of \$50, and any damages suffered by the non-offending club shall be paid out of such penalty. In addition to the penalty above referred to, the captain or manager, or the person in charge of the offending team and responsible for the team leaving the floor, shall incur a penalty not exceeding ten (\$10) dollars, which shall be paid to the Treasurer of the League, said penalty not to be remitted under any circumstances. In case such penalties are not paid within ten days after being imposed, the club and players cannot participate in a championship game.

WINNING A PENNANT.

SECTION 34. The club which shall have won the greatest percentage of games in the championship in the League shall be declared the champion club for the season in which such games were played. In the event that two or more clubs shall have won the same percentage of games, then the President and the two clubs tied shall at once arrange a special series of five games between such two clubs, such games to be played at the close of the season, and the games so played shall be included in the championship record and counted in determining the award of the championship.

DECIDING THE CHAMPIONSHIP.

SECTION 35. The championship shall be decided in the following manner: Within twenty-four hours after every match game played for the championship the home club shall prepare and forward to the Secretary of the League a statement containing the full score of the game, together with the date, the place where played and the names of the clubs and referees, the club neglecting to forward such score to be fined \$1 as the penalty of such default. At the close of the season the Secretary shall prepare a tabular statement of the games won and lost by each club,

according to the statements so sent him. Such statements shall be approved by an official of home team, and he shall submit the same with statements so sent him to the President, who shall make the award in writing and report the same to the League at its annual meeting.

RULE II.

THE CAGE.

The cage must be sixty-five feet long and thirty-five feet wide. The wire screen must be no less than eleven feet from the floor up and kept in good repair. The corners of the cage must be round; under no circumstance can a floor be more than five feet short in either length or width, and then only by two-thirds vote of managers. Should any manager find it compulsory to complain to president that any cage is in poor condition, he, (the president), should order the secretary to write to said manager to repair said cage before the next league game, which order must be obeyed or said manager fined for negligence.

RULE III.

LIGHT.

The playing space must be illuminated to the satisfaction of the referee, and should any of the floors be poorly illuminated and complaint made by visiting manager, the president should order the negligent manager to better light up said floor or be fined at least twenty-five (\$25) dollars for neglecting to do so when ordered by the president.

RULE IV.

GOALS

SECTION I. The goals shall be hammock nets of cord suspended from metal rings eighteen inches in diameter (inside measure-

ment). The rings shall be placed ten feet above the floor in the center of the short side of the playing field. The inside rim must extend twelve inches from the official backboard, which must be placed according to Rule 5.

SEC. 2. The Spalding goal, made by A. G. Spalding & Bros., shall be the official league goal.

SEC. 3. The net shall be at least two feet long and shall be kept in good condition.

RULE V.

BACKBOARD

SECTION 1. The official backboard must present an absolutely smooth surface and be of either glass or wood, and must be placed solidly against the cage, in such a manner that the center of the backboard shall be in the center of the cage. It shall be so placed that one foot of it extends below top of goal, and must measure four feet vertical and four feet horizontal, inside measurement.

RULE VI.

BALL

SECTION 1. The ball shall be spherical. It shall consist of a rubber bladder covered with a leather case. It shall not be less than thirty nor more than thirty-two inches in circumference. It shall weigh not less than eighteen nor more than twenty ounces. It should be provided by the home management. It must be tightly inflated, and laced so that it cannot be held by the lacing, and must be in good condition.

SEC. 2. The ball made by A. G. Spalding & Bros. shall be the official ball, and shall be examined by the referee before each game to see if it is perfect.

SEC. 3. The official ball must be used in all league games, and by all teams affiliated with the same under penalty of a forfeiture.

SEC. 4. The home team shall provide the visiting team with a regulation ball in good condition and properly inflated for practice.

SEC. 5. In all championship games the ball must be in such condition that the referee can see the stamp indicating that such ball is an A. G. Spalding & Bros. official basket ball.

RULE VII.

THE PLAYERS AND THEIR POSITIONS

SECTION 1. The players of each club in a game shall be five in number, one of whom shall act as captain.

SEC. 2. Under no circumstance shall more than eight players of any one team be allowed to take part in any one league game.

SEC. 3. Every club shall adopt uniforms for its players, and the suits of each team shall conform in color and style. No player who shall appear in a uniform not conforming to the suits of the other members of his team shall be permitted to take part in the game.

SEC. 4. Every player must have signed a contract at least three days before he can compete with the team he represents.

RULE VIII.

PLAYERS' BENCHES

SECTION 1. The players' benches must be furnished by the home club and placed in the front row near the entrance to the cage. One such bench shall be for the exclusive use of the visiting club, and one for the exclusive use of the home club. All players not participating in the game must be seated on this bench, and no other person except manager shall be allowed to occupy seats on the benches.

SEC. 2. To enforce this rule the captain of the other side may call the attention of the referee to a violation, whereupon the referee shall immediately order such player or players to be seated. If the order is not obeyed within one minute the offending player or players shall be fined one (\$1) dollar each by the referee. If the order is not then obeyed within one minute the offending player or players shall be obliged to leave the playing floor forthwith.

RULE IX.

OFFICIALS

The officials shall be one referee, two scorers and each team shall have one timekeeper, who shall sit together and use one watch, known as a foot ball stop watch.

RULE X.

THE GAME

SECTION 1. Every championship game must be commenced not later than 8:40 p. m., or as much earlier as may be agreed upon by the contesting teams and referee.

SEC. 2. A game shall consist of two twenty-minute halves, with a ten-minute intermission between halves. This is the time of actual play.

SEC. 3. The teams shall change goals at the end of the first half.

RULE XI.

A TIE GAME

If the score be a tie at the end of the regulation twenty-minute halves, additional periods of five minutes shall be played without change of baskets, and without time outs, at intervals of one minute, until the game is decided.

RULE XII.

A FORFEITED GAME

SECTION 1. A forfeited game shall be declared by the referee in favor of the club not in fault, in the following cases:

SEC. 2. If the five of the club fail to appear upon the floor, or, being upon the floor, fail to begin the game within five minutes after the referee has called "play," at the hour appointed for the beginning of the game unless such delay in appearing or in commencing the game be unavoidable.

SEC. 3. If after the game has begun one side refuses or fails to continue playing, unless such game has been suspended or terminated by the referee.

SEC. 4. If after play has been suspended by the referee one side fails to resume playing within one minute after the referee calls "play."

SEC. 5. If after ordering the removal of a player, as authorized by Rule 8, said order is not obeyed within one minute.

SEC. 6. In case the referee declares a game forfeited he shall transmit a written notice thereof to the president of the league within twenty-four hours thereafter.

SEC. 7. A forfeited game is lost by the score of 2 goals to 0.

RULE XIII.

SUBSTITUTES

SECTION 1. In any championship game each side shall be required to have present on the floor, in uniform, conforming to the suit worn by the team mates, a sufficient number of substitute players, not to exceed eight men, to take the place of players hurt or disqualified until the allotted number of eight men is used up. (See Rule 7, Section 2.)

SEC. 2. Any such player may be substituted at any time by either club, but a player thereby retired shall not thereafter participate in the game. The time out must be charged to the team making the change.

RULE XIV.

DELAYING THE GAME

SECTION 1. Any persistent, intentional delay of the game shall be counted as offence against the team so delaying.

SEC. 2. The game shall not be delayed for any cause whatever for more than two minutes at one time. Whenever the referee gives an order to take out time it shall be the duty of the time-keeper to notify the referee, first, at the expiration of one minute, then the limit (two minutes).

SEC. 3. Whenever, because of sickness or accident to a player, it becomes necessary for the referee to call time, play must be resumed in two minutes, and during the intermission no player of either team except the injured man shall leave the cage; players may be penalized for violation of this rule.

NOTE.—Referees are instructed to warn players at the end of one minute, and to put the ball in play at the expiration of two minutes, whether the teams are ready or not. If the injured player is unable to resume play at that time, a substitute must take his place, or the game start at once without him. If a substitute takes his place, he cannot play again during that game.

SEC. 4. No team shall be allowed to stop the game under any consideration more than two times in one half and only the captain can call the time. Referee must blow his whistle immediately.

RULE XV.

BALL OUT OF BOUNDS

SECTION 1. The ball is out of bounds when it has passed outside the cage, whether it bounds back again or not. It shall, after being returned to cage, be thrown up by the referee, as Rule 17, Section 1, and the two players shall jump first whose position is nearest the place where the ball left the cage. Time keepers must take out time from the time the ball leaves the cage until it is tossed up by the referee, without notice from the referee.

RULE XVI.

SCORING OF GOALS

SECTION 1. A goal thrown from the field shall count as two points for the aggressors of the basket into which it is thrown (even if thrown accidentally by the defender of the basket). A goal from offence shall count as one point.

SEC. 2. Whenever a man is penalized his opponent shall have a free throw for goal. The man throwing for goal must stand fifteen feet from the basket on a line which shall be clearly marked on the floor. He shall not cross the line until the ball has entered or missed the goal. If this rule is violated by his team mate, the goal, if scored, shall not count and the ball shall be thrown up in center. If this rule is violated by an opponent and the goal is not scored, he, the thrower, shall be given another throw, and if the goal is missed, the ball shall be considered in play. If the ball is caged on the first throw, notwithstanding that an opponent steps across the line, the goal counts and the ball is thrown up in center. The fifteen feet from the basket should be measured from the center of the basket, and not from the cage.

SEC. 3. No player shall stand nearer than six feet to the thrower, nor in a lane six feet wide extending from the thrower to the goal, which lane shall be clearly marked on the floor, nor interfere with the ball until after it has either entered or missed the goal. The thrower shall not be interfered with in any way whatever, either by player or spectator. If this rule is violated and a goal is not made, he shall have another throw.

SEC. 4. If a player throws for a goal and the whistle of the referee or timekeeper sounds while the ball is in the air, and the throw results in a goal, it shall count, provided the team that scores does not commit a foul.

SEC. 5. A goal scored before the whistle can be blown for an offence made by the team scoring shall not count, but if a player, while throwing for the goal, is offended by an opponent, and succeeds, both offence and goal shall count.

SEC. 6. A ball entering the baskets, and if in any way it is batted out again by an opponent, the goal shall count as scored.

SEC. 7. Putting one or both feet on the side of the cage where basket is located, is a foul. If a goal is made by a player from the team offending, the goal shall not count.

SEC. 8. When two players on opposite sides commit an offence at the same time the throw for goals should take place in succession, the ball after each throw being dead, time to be taken out, on order of the referee. After these throws the ball shall be put in play again in the center.

RULE XVII.

PUTTING BALL IN PLAY

SECTION 1. The referee shall put the ball in play by tossing it up in a plane at right angles to the side, so that it will drop near the center of the field, which shall be indicated by a conspicuous mark. This is to be done at the opening of the game, at the beginning of the second half and after each goal. The mark where the ball is thrown up is to be two straight lines twelve inches long and must be three feet apart.

SEC. 2. After the referee tosses the ball up in the center at least twelve feet, it must first be touched by one of the center men on its downward course, who shall have been previously indicated to the referee. The men who are to jump for the ball must toe the lines with the forward foot. Violation of this rule constitutes an offence. Both men must jump for the ball. Players must not run up to the line, but stand still.

SEC. 3. After the whistle is blown by the referee for a scrimmage or any stoppage of the game, other than starting a half,

he shall put the ball in play by tossing it up in such manner that it will drop near the spot where it was when time was called.

SEC. 4. The opponents nearest the spot when time was called shall jump for the ball after the play is resumed. They shall be indicated by the referee, who shall put the ball into play by tossing up. (As per Rule XVII, Section 2.)

SEC. 5. When the ball is held by two players any longer than five seconds, the referee shall blow the whistle, stop the play and toss the ball up from where it was called or held. The first two men having hold of the ball shall be left to play for the possession of the ball until the whistle is blown. If a third man interferes, the whistle shall be blown for a scrimmage.

SEC. 6. Whenever the ball is put in play the players who are to jump must keep the hand not used in batting the ball, to their sides; and they must stand three feet apart. Using both hands to catch the ball before the same has been put in play properly shall constitute an offence, as the ball must be batted with one hand.

RULE XVIII.

PLAYING THE BALL

SECTION I. The ball shall not be kicked or struck with the fist. Violation of this rule is an offence, and shall be penalized.

NOTE.—When the ball is kicked by mistake, the referee need not penalize player, but should bring the ball back and put it in play from the spot where the kicking occurred.

SEC. 2. A player must not run with the ball in his hands; he must play it from the spot where he receives it. He must not advance one step with the ball without dribbling. A player catching the ball while running, must dribble or pass it to another player, unless he stops immediately. Otherwise, catching the ball and taking more than one step will be considered running.

NOTE.—A dribble is a play in which a player gives impetus to the ball by throwing, batting or bouncing, with one or both hands. The dribble is permitted with one or both hands, also the goal is allowed after the dribble with one or both hands.

SEC. 3. The interference with the progress of a player who has not the ball shall be termed blocking.

SEC. 4. If the ball strikes the referee, it is still in play.

RULE XIX.

COVERING PLAYERS

SECTION 1. Both arms around a player shall be considered an offence. Should a player be charged or otherwise injured by an opponent while shooting for the goal and forced to retire from the game, the offending player must be disqualified for that game.

SEC. 2. Players must keep one arm free when playing an opponent from the rear.

RULE XX.

ROUGH AND UNGENTLEMANLY PLAY

SECTION 1. There shall be no shouldering, tripping, striking, kicking, slugging or intentional or unnecessary roughness of any kind. Violation of this rule constitutes an offence, and the referee may, for the first offence, and shall, for the second offence, disqualify the offender, who will be suspended for the next game that his team is scheduled to play. An offence is a violation of the rules, whether committed unintentionally, ignorantly or otherwise. The fact that an offence is made is the only guide for the official for calling the same.

SEC. 2. A substitute shall be allowed for a player who has been disqualified (unless the offending team has already played eight men in the game, in which case the team is compelled to play out the match short-handed or forfeit), and the offence committed by him shall count.

RULE XXI.

THE REFEREE AND HIS DUTIES

SECTION 1. The referee is the representative of the league, and as such shall have power to enforce every section of the code of playing rules of the game, and he shall have power to order any player or captain or manager to do or omit any action that he may deem necessary to give force and effect to the laws of the game.

SEC. 2. There shall be no appeal from any legal decision of the referee (which shall cover the actual playing rules).

SEC. 3. Under no circumstances shall any player be allowed to dispute a decision made by the referee in which only one

error of judgment is involved; and no decision rendered by him shall be reversed, except it be plainly shown by the code of rules to have been illegal; and in such case the captain alone shall be allowed to make the appeal for reversal. Players appealing to him for such reversal should be punished by his calling an offence on such player or players.

SEC. 4. He shall notify both captains before the game, and in the presence of each other, that all the playing rules will be impartially enforced, and that their failing to co-operate in such enforcement will result in their being penalized, and, perhaps their removal from the game.

SEC. 5. Before the game begins the referee shall see that the rules governing the regulations respecting the hall, goals, cage, and all materials of the game are strictly observed. The referee shall ascertain, before the commencement of the game, the time for beginning and other arrangements that may have been made by the captains and see that they are enforced.

SEC. 6. The referee shall be the sole judge of the entire game, and decide when a goal has been made and by whom, and to what team it belongs.

SEC. 7. Whenever the ball is put in play by tossing it up, the referee shall throw it in a plane at right angles to the side of the playing space.

SEC. 8. The referee shall not only call "play" at the hour appointed for the beginning of the game, but also announce the winner at the legal conclusion of the game.

SEC. 9. The referee shall suspend play in case of an accident to himself or to a player which for the time incapacitates him or them from service on the floor, or in order to remove from the hall any spectator or player who has violated the rules. He shall call time by blowing a whistle.

SEC. 10. No person shall be allowed upon the playing floor (more properly designated inside of cage) during the progress of the game in addition to the players in uniform and the referee.

SEC. 11. He shall hold the home team responsible for the behavior of the spectators; failure to keep them from interfering with the progress of the game or from discourteous conduct,

shall, after a warning, make the home team liable to forfeit the game.

SEC. 12. In case any doubt on any point in the mind of the referee arising from intimidation or interfering on the part of the spectators, the visiting team shall have the benefit of the doubt.

SEC. 13. No manager, captain, or player, during the progress of the game, shall use indecent or improper language directed to a referee, manager, club official or a player. A violation of this should constitute as an offence against such offender, and, if continued, removal from hall upon complaint of offending party to home management.

SEC. 14. When the referee's whistle sounds simultaneously with the timekeeper's, the referee's shall take precedence.

SEC. 15. The referee's term of office shall extend from the time the game begins until it is concluded, and his decision awarding the game must then be given. Any team defaulting or forfeiting a game by refusal to play when ordered to do so by the referee shall be reported to the president of the league, who shall fine the management not less than ten (\$10) dollars.

SEC. 16. The referee shall have power to give the game to the visiting team, in accordance with the rules.

SEC. 17. The referee shall disqualify according to the rules.

SEC. 18. The referee shall call all offences, and have absolute control of the game according to the rules.

SEC. 19. The referee shall notify the secretary-treasurer of the league whenever a player has been disqualified, giving the player's name, date, place, name of team and nature of the offence committed by said player.

SEC. 20. Whenever a player is penalized the referee shall call time by blowing a whistle, and indicate the offender. He shall also notify the scorer of the player penalized.

SEC. 21. Every club shall furnish sufficient police protection to preserve order on its own floor, and in the event of a crowd entering the cage during the progress of a game and interfering with a play in any manner, the visiting team must appeal to the referee to order the floor cleared, and if this is not done.

within five minutes the visiting team may claim and shall be entitled to the game by the score of 4 to 0.

RULE XXII.

SCORERS

The scorers shall be appointed by the managers of the two teams, subject to the approval of the referee.

RULE XXIII.

SECTION 1. The timekeepers shall be appointed by the captains or managers of the two teams, who, sitting together, shall keep time.

SEC. 2. They shall note when the game starts, and strike a gong at the expiration of twenty minutes, actual playing time, in each half, the gong shall terminate the periods; and not the referee's whistle.

SEC. 3. Time consumed by stoppage during the game shall be deducted only by order of the referee.

SEC. 4. The timekeepers that have been appointed by the managers of the two opposing teams shall sit together during the progress of the game, and only one regulation watch is to be used, the same to be furnished by home team; both timers to watch the same watch and to note the time taken out by each team; watch to be laid on table in view of both timekeepers.

A PLAYER SHALL NOT

If any defect is discovered during the first game in which it is used, or during the first day's practice use, and, if returned at once, we will replace same under this guarantee. We do not guarantee against ordinary wear nor against defect in shape or size that is not discovered immediately after the first day's use.

Owing to the superb quality of our No. M Basket Ball, our customers have grown to expect a season's use of one ball, and at times make unreasonable claims under our guarantee, which we will not allow.

A. G. SPALDING & BROS.

OFFICIALLY ADOPTED AND STANDARD. The cover is made in four sections, with capless ends, and of the finest and most carefully selected pebble grain English leather. We take the entire output of this superior grade of leather from the English tanners, and in the Official Basket Ball use the choicest parts of each hide. The bladder is made especially for this ball of extra quality pure Para rubber (no composition.) Each ball packed complete, in sealed box, with rawhide lace and lacing needle, and guaranteed perfect in every detail. To provide that all official contests may be held under absolutely fair and uniform conditions, it is stipulated that this ball must be used in all match games of either men's or women's teams.

No. M. Spalding "Official" Basket Ball. Each, \$6.00

The Spalding Official No. M Basket Ball is the Official Ball of the Hudson River Basket Ball League and must be used in all games.

The Spalding Disk Platform

Home Apparatus

"Many forms of exercise are indulged in by folk desirous of improving their physical condition, but none of them is more attractive and at the same time more beneficial than bag punching. Arms, shoulders, hands, wrist, the neck and legs are brought into play individually and in combination in bag punching. Aside from the development in these parts of the body, the shoulders are made square and upright, the chest is broadened, the eye quickened and the brain stimulated. The direct result is a new being for the bag puncher."—*Extract from Spalding's Athletic Library, No. 191, "Bag Punching."*

Bag is NOT Included with this Platform

Patented April 19, 1904

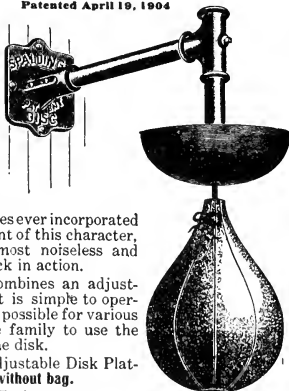

Can be put up in a very small space and taken down quickly when not in use by simply detaching the pipe fixture from the wall plate.

The metal disk against which the bag strikes constitutes one of the best features ever incorporated in an arrangement of this character, rendering it almost noiseless and very quick in action.

This disk also combines an adjustable feature that is simple to operate and makes it possible for various members of the family to use the same disk.

SANDOW'S

AN entire system of Physical Culture is embraced within the exercises possible with these wonderful dumb bells.

The bells are made in two halves connected by steel springs, the effort necessary in gripping compelling the pupil to continually devote his whole mind to each movement. This concentration of will power on each muscle involved is what is responsible for the great results obtained through properly exercising with them.

Spalding Exercising Equipment for Home Use

The apparatus listed in this catalogue is designed particularly for private use; i. e., in homes and private gymnasiums. It retains the same superior marks of quality which distinguish the regular line of gymnasium apparatus manufactured by A. G. We give below suggestions for moderate priced outfits made up of various apparatus and exercising implements listed in this catalogue. We issue special catalogues showing apparatus which we supply on contract equipment, and copies will be sent to interested parties on application to A. G. Spalding Exercising Equipment for Recreation Rooms

Exercising apparatus, suitable for home use, and not altogether by the boys and girls of the household, but also by the grown-ups; as a matter of fact, the ones who usually require exercise of a rational kind much more than the younger generation, who have the time and inclination for outdoor exercise not possessed by many of their elders—that is what we will attempt to show in this section of our catalogue.

Using Spalding Home Exercising Apparatus, Chest Weights, etc., properly, and in connection with the instructions given in our various Athletic Libraries there is no reason why any man cannot practically renew his youthful vigor by regular exercise.

Many banking, mercantile and manufacturing establishments maintain athletic clubs of their employees and have installed Spalding Outfits of Gymnasium Apparatus in their club and recreation rooms for their use. The suggested combinations shown on these pages, illustrate only a few of the sets of exercising apparatus which may be made up from the goods listed in this catalogue.

Spalding Exercising Equipment for Small Athletic Clubs

What are to-day the largest, most prominent and most influential athletic clubs and associations in this country started from small groups of young men banded together originally as base ball, rowing or swimming clubs, and who, with the idea of retaining their organization during the entire year, commenced in a small way and in modest quarters to build up a regular athletic organization covering a number of athletic sports. With the idea of interesting small athletic clubs, we show on this page two medium-priced outfits of gymnasium apparatus suitable for small club rooms. We do not recommend these outfits to clubs with a large membership, or to those who are in shape to have a regular gymnasium in a complete club house. For such organizations, also for schools, colleges and other institutions, we maintain a special contract department, with staff of experts who will gladly give full information regarding the complete line of Spalding Gymnasium Equipment for regular Indoor or Outdoor Playground use. We issue special catalogues showing apparatus that we supply on contract equipment, and copies will be sent to interested parties on application to A. G. Spalding & Bros., Inc., Chicopee, Mass., Gymnasium Contract Department.

Mike Murphy "Rub In" Athletic Liniment

This preparation is the same as has been used by Mike Murphy, the famous athletic trainer, in conditioning the Yale, University of Pennsylvania and other college teams which have been under his charge. He is famous for the perfect condition in which he brings his athletes into a contest, and the ingredients and proper preparation of his "Rub In" Liniment has been a closely guarded secret. He has finally turned the formula over to A. G. Spalding & Bros. with perfect confidence that the proper materials will always be used in preparing the liniment and that no considerations will induce us to cheapen it in any way. Schoolyard Athletics

By **J. E. SULLIVAN**

President Amateur Athletic Union;

Member Board of Education Greater New York.

THE great interest in athletics that has developed in the public schools within recent years has led to the compilation of this book with a view to the systemization of the various events that form the distinctively athletic feature of school recreation. With its aid any teacher should be able to conduct a successful meet, while the directions given for becoming expert in the various lines will appeal to the pupil. Some of the leading athletes have contributed chapters on their specialties: Ray Ewry, holder of the world's high jump record, tells how to practice for that event; Harry Hillman, holder of the hurdle and three-legged records, gives hints on hurdle racing and three-legged racing; Martin Sheridan, all-around champion of America, gives directions for putting the shot; Harry F. Porter, high jump expert, describes how to become proficient in that event. The book is illustrated with photos taken especially for it in public school yards.

Standard Policy

A Standard Quality must be inseparably linked to a Standard Policy.

Without a definite and Standard Mercantile Policy, it is impossible for a manufacturer to long maintain a Standard Quality.

To market his goods through the jobber, a manufacturer must provide a profit for the jobber as well as the retail dealer. To meet these conditions of Dual Profits, the manufacturer is obliged to set a proportionately high list price on his goods to the consumer.

To enable the glib salesman, when booking his orders, to figure out attractive profits to both the jobber and retailer, these high list prices are absolutely essential; but their real purpose will have been served when the manufacturer has secured his order from the jobber, and the jobber has secured his order from the retailer.

However, these deceptive high list prices are not fair to the consumer, who does not, and, in reality, is not ever expected to pay these fancy list prices.

When the season opens for the sale of such goods, with their misleading but alluring high list prices, the retailer begins to realize his responsibilities, and grapples with the situation as best he can, by offering "special discounts," which vary with local trade conditions.

Under this system of merchandising, the profits to both the manufacturer and the jobber are assured; but as there is no stability maintained in the prices to the consumer, the keen competition amongst the local dealers invariably leads to a demoralized cutting of prices by which the profits of the retailer are practically eliminated.

This demoralization always reacts on the manufacturer. The jobber insists on lower, and still lower, prices. The manufacturer, in his turn, meets this demand for the lowering of prices by the only way open to him, viz.: the cheapening and degrading of the quality of his product.

The foregoing conditions became so intolerable that, ten years ago, in 1899, A. G. Spalding & Bros. determined to rectify this demoralization in the Athletic Goods Trade, and inaugurated what has since become known as "The Spalding Policy."

The "Spalding Policy" eliminates the jobber entirely, so far as Spalding Goods are concerned, and the retail dealer secures his supply of Spalding Athletic Goods direct from the manufacturer under a restricted retail price arrangement by which the retail dealer is assured a fair, legitimate and certain profit on all Spalding Athletic Goods, and the consumer is assured a Standard Quality and is protected from imposition.

The "Spalding Policy" is decidedly for the interest and protection of the users of Athletic Goods, and acts in two ways:

FIRST—The user is assured of genuine Official Standard Athletic Goods, and the same fixed prices to everybody.

SECOND—As manufacturers, we can proceed with confidence in purchasing at the proper time, the very best raw materials required in the manufacture of our various goods, well ahead of their respective seasons, and this enables us to provide the necessary quantity and absolutely maintain the Spalding Standard of Quality.

All retail dealers handling Spalding Athletic Goods are required to supply consumers at our regular printed catalogue prices—neither more nor less—the same prices that similar goods are sold for in our New York, Chicago and other stores.

All Spalding dealers, as well as users of Spalding Athletic Goods, are treated exactly alike, and no special rebates or discriminations are allowed to anyone.

Positively, nobody; not even officers, managers, salesmen or other employees of A. G. Spalding & Bros., or any of their relatives or personal friends, can buy Spalding Athletic Goods at a discount from the regular catalogue prices.

This, briefly, is the "Spalding Policy," which has already been in successful operation for the past ten years, and will be indefinitely continued.

In other words, "The Spalding Policy" is a "square deal" for everybody.

Standard Quality

An article that is universally given the appellation "**Standard**" is thereby conceded to be the Criterion, to which are compared all other things of a similar nature. For instance, the Gold Dollar of the United States is the Standard unit of currency, because it must legally contain a specific proportion of pure gold, and the fact of its being Genuine is **guaranteed** by the Government Stamp thereon. As a protection to the users of this currency against counterfeiting and other tricks, considerable money is expended in maintaining a Secret Service Bureau of Experts. Under the law, citizen manufacturers must depend to a great extent upon Trade-Marks and similar devices to protect themselves against counterfeit products—without the aid of "Government Detectives" or "Public Opinion" to assist them.

Consequently the "Consumer's Protection" against misrepresentation and "inferior quality" rests entirely upon the integrity and responsibility of the "Manufacturer."

A. G. Spalding & Bros. have, by their rigorous attention to "Quality," for thirty-three years, caused their Trade-Mark to become known throughout the world as a Guarantee of Quality as dependable in their field; as the U. S. Currency is in its field.

The necessity of upholding the guarantee of the Spalding Trade-Mark and maintaining the Standard Quality of their Athletic Goods, is, therefore, as obvious as is the necessity of the Government in maintaining a Standard Currency.

Thus each consumer is not only insuring himself but also protecting other consumers when he assists a Reliable Manufacturer in upholding his Trade-Mark and all that it stands for. Therefore, we urge all users of our Athletic Goods to assist us in maintaining the Spalding Standard of Excellence, by insisting that our Trade-Mark be plainly stamped on all athletic goods which they buy, because without this precaution our best efforts towards maintaining Standard Quality and preventing fraudulent substitution will be ineffectual.

Manufacturers of Standard Articles invariably suffer the reputation of being high-priced, and this sentiment is fostered and emphasized by makers of "inferior goods," with whom low prices are the main consideration.

A manufacturer of recognized Standard Goods, with a reputation to uphold and a guarantee to protect, must necessarily have higher prices than a manufacturer of cheap goods, whose idea of and basis of a claim for Standard Quality depends principally upon the eloquence of the salesman.

We know from experience that there is no quicksand more unstable than poverty in quality—and we avoid this quicksand by Standard Quality.
